

PUMP, RIG EQUIPMENT & POWER GENERATION SOLUTION

A COMPANY PROFILE

The image shows two men in red oilfield uniforms and white hard hats standing in a large warehouse. The warehouse is filled with tall shelves of green oilfield consumables. The man on the left is holding a clipboard and looking at the camera. The man on the right is holding a folder and looking at the camera. A large red triangle is overlaid on the right side of the image.

**The largest stockists
Of oilfield consumables
In indonesia.**

Eric Handoko
President Director

Dear valued stakeholders and clients,

It is our pleasure to share with you that PT. Multikarya Asia Pasifik Raya, Tbk (MKAPR), a company committed to serving the oil and gas industry since May 2002, takes pride in being a crucial contributor to Indonesia's energy sector. Our presence extends to Southeast Asia and Australia, further strengthening our position in the industry.

At MKAPR, we prioritize the quality of our products and services. Our corporate culture is deeply ingrained with a commitment to excellence, reflected in our top-of-the-line pumps, parts, solid control equipment, and all other Pump works units.

We put customer satisfaction as our driving force and principle that propels us forward. Over the years, we have expanded our business operations into rental services, repair/recertification, general trading, and ensuring guaranteed availability of expendable parts for our call-out order contracts. As we are dedicated to providing total solutions that support optimizing oil production and fully understand the importance of timely and dependable service, we pledge to provide exceptional support that meets the unique needs of our clients allowing them to focus solely on their business and day-to-day activities.

Our teams work tirelessly not only to meet your needs but also to anticipate them, offering maintenance services designed for seamless operations. We strive to achieve this goal every day through continuous innovation and dedicated service.

In addition to our business commitment, we are taking the first steps towards sustainability. We believe our commitment to sustainable practices will grow as our company expands. In essence, we are embracing a future where success is not only measured by business growth but also by the positive impact we make on our world.

As conclusion, we hope that our company profile has given you some understanding of what drives us. Our growth-focus strategy, our devotion to high - quality goods and services and most importantly, our commitment to offering comprehensive solutions to meet all of our client's demand in the oil and gas sector.

On behalf of all teams at MKAPR, I would like to say thank you for your trust in us thus far and look forward with optimism to many more years of fruitful collaboration ahead.

Sincerely,

Eric Handoko

ABOUT US

PT Multikarya Asia Pasifik Raya, Tbk (MKAPR) was established in May 2002 under the name PT. Mudking Asia Pasifik Raya. The company specializes in offering products and services to the oil and gas industry in Indonesia, as well as in the surrounding regions of Southeast Asia.

Our focus on this sector has allowed us to develop a deep understanding of the unique challenges and opportunities presented by the industry, and our team of experts is committed to delivering high-quality solutions to our clients & stakeholders.

Our commitment to quality is unwavering, and we strive to maintain customer satisfaction by offering a

diverse range of rental services, repair/recertification, general trading, and guaranteed availability of expendable parts for our call-out order contracts. As we continue to grow, we remain dedicated to our customers and our goal of delivering the best possible products and services. With its years of experience and commitment to excellence, MKAPR is a trusted partner for businesses in the oil and gas industry.

MILESTONE

▶ **2002**

Established as PT. Mudking Asia Pasifik Raya as the sole agent for Mudking Products in the Asia Pacific.

▶ **2004**

Expanded the product range with the expansion into the business of renting surface facilities equipment.

▶ **2006**

Became the first stockiest in Indonesia for Mud pump spare parts used in well drilling.

▶ **2008**

Commenced the fabrication of Multistage Centrifugal Pumps for Water & Brine Transfer applications in the Geothermal industry.

▶ **2009**

Became the exclusive drilling and solid control equipment distributor, Double Life Corp. USA for the Indonesian territory.

▶ **2011**

Expanded the Manufacturing business in accordance with API (American Petroleum Institute) standards for Drilling Rigs & Pumps through PT. Petrodrill Manufaktur Indonesia, focusing on enhancing Mudking products with API 674 & 610 standards, successfully exporting 70 pump units to the USA.

▶ **2023**

Expanded the business by acquiring the agency for the Leistriz, a Germany-brand manufacturer of twin-spindle screw pumps according to API 676 standards, and WEG, a manufacturer of electric drives. In the same year, MKAPR inaugurated its new main workshop in Citeureup, West Java.

▶ **2020**

Obtained the agency for Pump works 610 from the USA and became a Platinum Packager for Waukesha, a manufacturer of gas-driven engines and generator sets. Successfully acquired the TKDN certificate for Gas & Diesel Engine Packages.

▶ **2018**

Initiated for an expansion into the mining industry by providing unitized pump packages for Freeport McMoran and PT. Bukit Asam.

Secured maintenance contracts for pumps and support facilities across all Pertamina EP areas in Indonesia and at Chevron Pacific Indonesia, the largest onshore oil and gas block in Indonesia.

▶ **2015**

Obtained the TKDN (Local Content Level) certification for Reciprocating & Centrifugal Pumps in support of the government's program for domestic product reliability.

▶ **2014**

Expanded expertise in the field of Reengineering & Refurbishment of Mud pumps.

▶ **2012**

The company changed its name to PT. Multikarya Asia Pasifik Raya (MKAPR) to support business collaborations for other products and obtained ISO OHSAS 45001 certification.

CUSTOM PRODUCTS

As a one-call solution for our clients, PT Multikarya Asia Pasifik Raya, Tbk (MKAPR) also offers customized pump solutions tailored to the needs and requests of our customers. With experienced technicians who are certified and qualified in the pump industry, MKAPR can provide technical advice for reengineering, pump selection, design, surface facilities, and other engineering aspects, offering the best, most efficient, and most economical solutions according to the client's requirements.

OPERATION & MAINTENANCE SERVICES

The company distinguishes itself across various industry facets, delivering an extensive array of services that encompass pump sales, rentals, repair, refurbishment, maintenance, and the provision of interchangeable expendables.

As a comprehensive solution provider, our expertise extends to mechanical drive (prime mover) systems and gas engine generator sets, with a dedicated focus on power generation. In addition to our proficiency in power generation, we actively engage in the trade of heavy equipment specialized for the mining sector.

Furthermore, we excel as a prominent player in solids control equipment, offering a comprehensive selection of components, screens, and pressure control equipment, as well as conducting relevant surveys. Finally, our trading activities encompass drilling equipment and essential accessories. These endeavors showcase our commitment to excellence and comprehensive service provision within the industry.

OUR NETWORK

We operate several workshops and factories to optimize our service delivery.

SOCIAL COMMITMENT

PT Multikarya Asia Pasifik Raya, Tbk (MKAPR) takes firm strides towards fostering the environment, community, and education through its dedicated commitment.

In addition to this environmental commitment, the company also takes responsibility for reducing poverty and inequality and supporting decent work and economic growth by actively recruiting local individuals from the surrounding areas.

As of 2023, PT Multikarya Asia Pasifik Raya, Tbk (MKAPR) has hired 115 individuals (39%) from various regions in Indonesia, including Duri, Rantau, Prabumulih, Tanjung, Jambi, Jatibarang, Subang, and others. The company also provides internship opportunities for those who are still pursuing their education, contributing to its commitment to enhancing their educational levels.

Social responsibility is another crucial aspect that the company embraces. PT Multikarya Asia Pasifik Raya, Tbk (MKAPR) conducts donations for local citizens, primarily focused on infrastructure development, including bridges that improve community accessibility.

The company is genuinely concerned about these matters, recognizing that addressing these aspects contributes to a harmonious balance between business, humanity, and the environment.

In the professional realm, PT Multikarya Asia Pasifik Raya, Tbk (MKAPR) actively supports the non-profit education platform aimed at cultivating expertise in Oil and Gas Drilling and Production. This involvement includes sponsoring the **Jakarta Drilling Society (JDS)**, a non-profit organization offering scholarships to professionals to enrich their knowledge, experience, and networking within the Oil, Gas, and Geothermal Industries, both nationally and internationally. Recognizing the significance of this support, PT Multikarya Asia Pasifik Raya has been honored with the prestigious title of Platinum Sponsorship of the Year.

As part of its Corporate Social Responsibility, PT Multikarya Asia Pasifik Raya, Tbk (MKAPR) actively contributes to enhancing Indonesia's reputation globally by being the Largest Financial Supporter in the Indonesia Seven Summits Expedition organised by Mahitala Universitas Parahyangan (ISSEMU) from 2009 to 2011. The Mahitala initiative involves the ascent of the 7 highest peaks across Seven Continents: Carstensz Pyramid (Papua), Kilimanjaro (Tanzania), Elbrus (Russia), Vinson Massif (Antarctica), Aconcagua (Argentina), Everest (Nepal), and Denali (Alaska). This endeavour's accomplishment serves as an encouragement for other Indonesian youths to cultivate strong determination and become exemplary figures in conquering the world's highest summits. Notably, this initiative doesn't solely depend on physical prowess but also emphasizes teamwork,

meticulous planning, environmentally friendly conduct, and the ability to navigate critical situations. PT Multikarya Asia Pasifik Raya, Tbk (MKAPR) aspires to instil these essential skills in the professional ethos of every young individual entering the workforce.

Our corporate culture is deeply ingrained with a commitment to excellence, reflected in our top-of-the-line pumps, parts, solid control equipment, and all other Pump works units.

FEATURED CLIENTS

Our company has built a strong reputation over the years through our partnerships with a range of strategic clients for unit rentals, maintenance, and repairs. We take pride in our team of highly skilled professionals who are entrusted with handling these important tasks.
